

PUBLIC SECTOR AND COMMERCIAL FLOORING CONTRACTORS

E&M Services

About Interiors Ltd

WE SPECIALISE IN PROVIDING FLOOR COVERINGS FOR PUBLIC SECTOR AND COMMERCIAL INTERIORS. WE SUPPLY AND INSTALL ALL TYPES OF FLOORING FROM DESIGNER CARPET TILES TO LUXURY VINYL TILES AND EVERYTHING IN BETWEEN. BEING LOCATED IN COVENTRY GIVES US A GREAT GEOGRAPHICAL LOCATION TO OFFER OUR SERVICES BOTH REGIONALLY AND NATIONWIDE.

Our team has decades of experience at installing floor coverings which assures you of the quality workmanship we provide. We represent all the major manufacturers and our buying power enables us to pass on substantial savings to our clients. You'll be amazed at the various products and designs that we can offer to fully customise your interior and enhance your organisation.

Contract flooring involves a great respect for health and Safety and we place a strong emphasis on our obligations to this. To demonstrate our commitment to safety we have been awarded CHAS Accredited Contractor status (www.chas.gov.uk). This is a government body which demands high standards of health and safety to be demonstrated in order to both obtain and retain this accreditation. In addition to CHAS we are also members of Constructionline which is the UK's largest register for pre-qualified contractors. Constructionline is proven to deliver for public and private sector organisations alike and is recommended by the OGC Common Minimum Standards and the Local Government Task Force.

We value all business from a vast array of clients and welcome all enquiries ranging from a small flooring installation to vast projects.

EDUCATION SECTOR

We work for schools and colleges and we have gained a really strong reputation for service, product quality and high installation standards. Our reputation within this sector is something we have worked very hard to build and it is our intention to continue on this path. Due to our experience with working for education providers we are able to offer flexibility which far exceeds that offered by others.

HEALTHCARE SECTOR

Hospitals - Nursing Homes - Dental Surgeries - Day Care - Hospices - Care Homes - Clinics - General Practitioners (NHS and Private)

E&M services specialises in healthcare floor coverings. We work for a number of leading hospitals around the midlands so we know the demands placed on property managers for speed and quality. Healthcare floors require specialist products and we have the knowledge and expertise to provide for your requirements. We offer a 24 hour working day so we are able to be on site when you need us to be.

COMMERCIAL CLIENTS

Shops - Offices - Factories - Hair Salons - Leisure / Health Clubs - Hotels - Shop Fitting Contractors

You tell us your need and we will show you the product. Functional, fashionable flooring! In a competitive market place it is critical that your business stands out from the crowd. We specialise in creating floors which let your business do just that. Modernise your business and offer your clients and colleagues fantastic floors.

CARPETS AND CARPET TILES

It is amazing how colours alter the mood and character of an interior. Add to this texture and a room transforms.

Both carpets and carpet tiles are fabulous and versatile floor coverings which can totally alter the feel and design of an area. Carpet tiles and sheet offer a series of important functional advantages: acoustics, durability, ease of maintenance and cost. With decades of experience in the flooring industry we add another crucial ingredient: Design. We bring together colours, patterns and textures to produce environments that stimulate imagination, offer a welcome, or create a sense of calm. Whatever the scale of project, we use design and a vast product knowledge across dozens of manufacturers to provide you with what you want.

VINYL FLOORING

Vinyl Flooring is amazing. It offers fabulous design, great colour choice, durability and ease of maintenance. Vinyl floor installations are a specialist activity. We have some of the best fitters in the Midlands and their capabilities are amazing. Vinyl installations start with a need for excellent floor preparations and our team work hard to achieve the best possible sub floor standard before commencing their installations. This time preparing the floors allows the final installation standard to be excellent.

We supply and install vinyl floor coverings from many manufacturers including Tarkett, Polyflor and Gerflor to mention but a few. These manufacturers produce fabulous designs and amazing products. Let us assist you to select the best product for your environment and then to install it with care.

WETROOMS

Certain environments require specialist surfaces and we have the products for the job! We supply and install safety flooring for wet areas, bathrooms and wet rooms in accordance with the latest safety standards. We offer great products and designs at great prices.

ENTRANCE FLOORS

Our range of entrance matting products is huge. We have the right product for your entrance and by applying our experience we can help you select the right product to protect your floors. Barrier carpets are engineered to protect against the ingress of dirt and moisture which extends the lifespan and appearance of interior carpets and floor coverings whilst reducing the chance of slips and falls due to wet floors. We offer entrance matting in both sheet and tiles with various textures. We also offer metal grid systems and sunken mat wells.

DESIGNER VINYL FLOORS

Amtico and Karndean are world leaders in manufacturing beautiful floors. Here at E&M Services we are vastly experienced at installing the latest quality design flooring. Design flooring is suitable for a huge selection of environments from domestic locations to department stores from hotels to airports. It is hugely versatile, stunningly attractive and very simple to maintain.

STAIR NOSINGS

Stair nosings are vital in commercial locations where carpets, vinyl and linoleum floors are installed. They clearly define the edge of stairs and enhance grip beneath your feet. They are important features to help people with visual impairments to see the edges of steps. Stair nosings also provide a great design feature to buildings as well as all their safety benefits. We supply and install many different types of nosings to suit your needs and budgets.

OTHER SERVICES OFFERED BY E&M SERVICES

In addition to floor coverings we also provide a range of other services including property maintenance, decorating, suspended ceilings and carpentry works. If you are interested in our other services please feel free to contact us and ask to see our 'Building Maintenance' brochure or visit our website www.aboutinteriors.co.uk
